

# Parts & Accessories Frequently Asked Questions

## Velocity Powersports

---

### GENERAL PARTS & ACCESSORIES QUESTIONS

#### **Do you sell OEM parts and accessories?**

Yes. Velocity Powersports sells OEM parts and accessories designed specifically for the vehicles we carry. OEM parts are built to manufacturer specifications for proper fit, performance, and reliability.

---

#### **What types of parts and accessories are available?**

Available parts and accessories may include replacement components, performance upgrades, utility accessories, protective equipment, and riding gear depending on vehicle type and availability.

---

#### **Can I order parts through Velocity Powersports?**

Yes. Parts can be ordered through Velocity Powersports. Availability may vary by brand and product type.

---

### ACCESSORY INSTALLATION

#### **Do you install accessories?**

Yes. Many accessories can be installed by our service departments. Installation availability depends on the accessory type and vehicle compatibility.

---

#### **Can accessories be added to new or used vehicles?**

Yes. Accessories can often be added to both new and pre-owned vehicles, depending on model and configuration.

---

## GEAR & EQUIPMENT

### **Do you sell riding gear and safety equipment?**

Yes. Velocity Powersports offers riding gear and safety equipment such as helmets, gloves, protective apparel, and other accessories depending on inventory and product category.

---

## COMPATIBILITY & SUPPORT

### **How do I know which parts or accessories fit my vehicle?**

Our parts team can help identify compatible parts and accessories based on your vehicle's make, model, and year.

---

### **Can you help with parts for older or discontinued models?**

In many cases, yes. Availability for older or discontinued models varies by manufacturer and current supply.
